Subject: Stations on MX in DA05-506

Dear Hossein and Shaun,

In looking over the list of applications lacking FRNs for the September auction, we found three which we believe should not be there:

MX048 Fairmont, MN 17 130195 BNPTTL-20000830BJO
3ABN entered into an agreement to dismiss this application upon
granting Cooperative TV's application in Jackson, MN BNPTTL-20000821AAI
FID 125741

MX227 Park Rapids, MN 16 130214 BNPTTL-20000830BJY
The FCC was going to dismiss this application but 3ABN requested and
was granted reconsideration pursuant to getting FAA determination and
approval for the construction of the tower.

MX209 Crouch, ID 39 128658 BNPTTL-20000831BFM
The FCC requested on 3/3/04 that 3ABN file 346 long form and pay
appropriate fees for this application.

If you are the wrong person, please forward this request on to whom
ever should receive it.

Thanks,
Dan Peek
